SUMMARY

Experienced, self-motivated SDET, skilled in both manual and automation testing, responsible for the end-to-end testing lifecycle, ensuring high-quality product delivery through effective test strategies and best practices.

TECHNICAL SKILLS

- **Programming Languages:** Java, JavaScript
- **Operation systems:** Windows
- **Test Management Tools:** Git, Jenkins, Jira, Zephyr, Confluence
- **Skills:** Selenium, Rest Assured, TestNG, Cucumber BDD, Data driven framework, Postman, playwright
- **Areas of Interest:** UI Testing, API Testing, Mobile Testing, Problem-Solving, Objected Oriented Programming

EXPERIENCE AND PROJECTS

Cognizant

Programmer Analyst – Automation Test Engineer

May 2022 – Present

Hyderabad, Telangana

Us Bank Client

- **Wealth Management**
 - Designed and implemented a data-driven framework from scratch using Java, Rest Assured, TestNG, and Cucumber, which reduced manual efforts by 85%.
 - Developed detailed, well-structured test cases and updated them as necessary.
 - Maintained test scripts to ensure they remained up to date with evolving requirements and automated the process to update test results in Zephyr.
 - Collaborated closely with stakeholders to understand acceptance criteria for test planning, scenario creation, and test case preparation and execution.
 - Configured and managed Jenkins builds for continuous integration and deployment of automated tests.
 - Organized and automated test cases to create a regression test suite, enabling faster and more reliable production deployments.
- **Lending**
 - Contributed to release testing initiatives by conducting regression testing, mobile testing, and end-to-end automation script execution to ensure exceptional product quality.
 - Collaborated with product owners to gather and clarify requirements.
 - Prioritized and organized daily tasks and meetings with the team to maximize productivity.
 - Played a key role in developing a robust data-driven framework using Cucumber, Selenium, and Java, seamlessly integrating it with REST-Assured to enable end-to-end testing of complex business workflows.

EDUCATION

Bachelor of Technology – Mechanical Engineering

Vel Tech Rangarajan Dr. Sagunthala R&D Institute of Science and Technology – Chennai

2022

CGPA: 7.79/10

CERTIFICATIONS

Microsoft Azure Fundamentals AZ-900.
